MOTIVATION LETTER

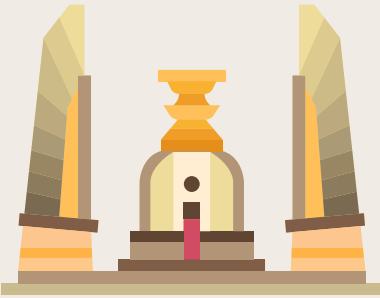

Dear AUSSS Family,

It feels weird to be writing a motivation letter for this position. After many years in IFMSA, taking on local, national and international positions, I have always had AUSSS on my side. It was support in form of fellow members who were in the same teams with me, the EB that always supported what I wanted and motivated me to keep going beyond, and every member I met in General Assemblies and activities that introduced me to new perspectives and new ideas. Every single part of me now is shaped by this committee. So why am I applying? It's because I would love to shape a part of AUSSS for the upcoming year: To give back the same way it has always given me.

Last year I was honored to work as the Bylaws Assistant and a team member of the Bylaws SWG. This experience shed light on the importance of making AUSSS a transparent, fair, supportive environment by all members for all members. It made me realize that bylaws and regulations are not meant to divide us nor restrict us, but to create standards that allow all members to practice their rights freely. This year showed me that these changes made can be impactful and how we can continue their sustainability onwards. My dream as Secretary General this year is to ensure AUSSS can function internally under the best possible standards, maintaining operating guidelines and building a strategy for AUSSS. I also can not wait to give back to this beautiful community in terms of support, knowledge and love. One of the most rewarding parts of IFMSA is the impact when it's seen locally, and the amount of fun it is to connect with that impact physically. Therefore, with all that in mind, I humbly present my Candidature for the Secretary General for the term 25/26, and I am thankful for taking the time to read this letter. Perhaps, you can resonate with parts of it too!

Yours sincerely,
Alyaa
